

Please don't forget your lists

Patrick

Feb 10

to Darren, Joe, me, Kevin, PB, Roger, Steve, Mick

Brothers,

Please do not forget to send me your lists of the top two things you wish to accomplish with regards to your respective offices, as well as the top five things you would like to see the Grand Council as a whole accomplish over the upcoming year. I would like to receive that information by Friday afternoon at the latest. This information is crucial to the development of our game plan for the upcoming year. I thank those who have already sent their lists.

I would also like to take this chance to state the policy we will be following in regards to communications. All of our current executive board officers as well as our Grand Advisors are on this email. Please take the opportunity to set this up as a group in your contacts. We will be using this list for all of our executive business communications. The purpose of doing this is three fold. First it will keep everyone informed of what is going on, and what is being done. Secondly eight heads are better than one, and I wish to see productive conversation. Third this will allow Roger the ability to keep an accurate record of our business communications for reference and posterity.

Joe Bithorn is adding to the websites "contact us" forum both the active chapters, and chapter corporate boards. Any business that you need to conduct with any of these groups, or the members there of, is to be directed through the website. Messages sent through the forum will be sent to the president of each respective organization who in turn will direct this information to the necessary officer, officers, or members of his organization. For example, if Roger needs historical information from the active chapter in Canton he will send his request for that information through the website. The president of Alpha chapter will receive that

request and pass it on to their historian, who in turn will send that information to Roger through the website.

I can not say this enough "WE WILL NOT CONDUCT OUR BUSINESS ON FACEBOOK.". We have spent thousands of dollars on the development of the website. If a brother asks you about business on Facebook direct him to the website, and have him register. We will be more than happy to answer his questions. Facebook is fine for looking at pictures of your pledge brothers new baby, or his trip to Alaska. It is not an appropriate place for the business of an organization such as ours which cherishes Its secrecy.

Thank you gentlemen,

Pat
