

## Game plan part 2

**Patrick**

Feb 23

to Darren, Joe, me, Kevin, Mick, PB, Roger, Steve

Brothers,

I just want to keep the ball rolling here. I am working on a set of goals for the Grand Council to achieve over the next ten years. As soon as that list is composed I will forward it on to all of you for review.

I am also going to be drafting a couple of emails to be sent to the active chapters and the corporate boards. I will be seeking their input as to what they feel we can do to assist them, as well as the direction they would like to see us moving in. I would also like to request their assistance in helping us to move forward, so if any of you are in need of specific information from the chapters or the boards, please forward that request to me in this email thread.

I have spoken with PB, and he has begun seeking info regarding convention. When he has received that information we will be having a conference call for discussion and finalizing of date and location of next convention. I will let you all know when that call will be.

Thank You  
Pat
