Dear Sir:

The alumni of the State Institutes throughout New York State at Cornell are trying to organize a chapter of Theta Gamma at Cornell. These men are all members of Theta Gamma who have transfered to Cornell after graduation from the State Institutes.

We are wondering if you, as Grand Exaulted Treasure, could make us a lone of one hundred dallors to get started. If you cannot give us a hundred dallors we would appreciate any amount that you could give to us or loan to us for the purpose of organization.

You will hear more about the organization of this chapter at the Grand Council Meeting in Canton, April 18. Thank you for any help you can give us.

Fraternally yours,

James Hanno
